GOMPERS ON COMPENSATION

Head of Labor Federation Objects to Courts Naming Tribunals.

ENDORSES PLAN IN THE MAIN

Sutherland and Moon Indicate They Favor Selection of Award Boards by Federal Judiciary Through-out the Country.

WASHINGTON, Nov. 8.—Some of the difficulties likely to be encountered in the administration of the proposed workmen's compensation laws were emphasized today when President Gompers of the American Federation of Labor took issue with members of the employers' liability and workmen's compensation commission, regarding the awarding tribunal to be created.

Mr. Gompers, in the main, endorsed the commission's plan for insuring railroad employees against accident, but when he took up the question of administration he advanced a theory which did not meet the approval of some of the commissioners. He insisted that the tribunal should consist of three members, one of whom should represent the employer and another the employee, while the third should be a physician of standing, chosen by the other two.

The commission has not formulated a provision covering this important part of the law, but Senator Sutherland and Representative Moon indicated a decided leaning toward the selection of award boards by the federal courts of the country. Mr. Sutherland pointed out that the Gompers' plan would be in effect a system of arbitration. He said the board would be that the third man of the board would be the arbitrator, while the other two would be mere attorneys for the two sides.

Mr. Gompers would not agree that any one man should have the selection of arbitrators. "To confer this authority on the courts is equivalent to saying that the courts are not governed by politics, and I am not sure that this is always the case," he said. He hastened to add that he did not believe that as a rule the courts were prompted by improper motives, but said that the environment and education of most judges were such as to render them incapable of correctly determining questions pertaining to industrial life.

H. E. Core, vice chairman of the joint board of eastern Pennsylvania for the Brotherhood of Locomotive Firemen and Engineers, urged that the entire burden of damages should be borne by the railroad. He conceded this would force an increase of railroad rates. In the end, therefore, the responsibility would fall upon the public, where, according to his theory, it rightly belongs.

Speaking for 117,000 men, President W. G. Lee of the Brotherhood of Railway Trainmen, urged the abandonment of all ideas of lump sum payments, saying that in a large majority of cases the money was soon spent, with the result that in many cases the injured employee became a public charge. Mr. Lee emphasized the fact that the trainmen's organization was entirely independent of the American Federation of Labor and added that he did not take kindly to the idea that the proposed legislation in favor of railroad employees was a mere stepping stone to further legislation of the same character for workmen in other lines of employment.

FOOT BALL PLAYER DIES OF FRACTURED SKULL

OCONOMOWOC, Wis., Nov. 8.—Foot ball player claimed the first victim in Wisconsin of a season's death of a 15-year-old "Tommy Higgins" of this city who sustained a fractured skull in a high school game.

PROPER TREATMENT FOR CATARRH

The first thing to be done in the treatment of Catarrh is to begin the use of a medicine that will have a direct effect on the source of the disease in no other way can any curative progress be made. S. S. S. does this more quickly and satisfactorily than any other medicine. It is the most penetrating of all blood purifiers, thoroughly, yet gently, expelling all catarrhal matter and impurities from the circulation, and by its fine tonic properties strengthening and building up the system in such healthy manner that it is enabled to overcome the depressing effects of Catarrh. Some local treatment is often desired to open the air passages of the head and nose and relieve the congestion and "tickling" of the throat, and other unpleasant symptoms. There are many helpful measures which may be resorted to, and there are others which may be harmful, and to aid Catarrh sufferers we have prepared a special treatise on the disease which will be of great value to any who suffer with this trouble. This book together with any medical advice free to all who write and request it. Take S. S. S. regularly and according to directions, and it will certainly remove the cause and cure your Catarrh. S. S. S. is sold at drug stores.

Critical Period in the Princeton-Harvard Game

The crucial play of the Princeton-Harvard game stood Princeton, 8; Harvard, 11, in a clear field, but the speedy Pen-ton's great tackle. Were it not for Pen-ton's tackle, the Princeton-Harvard game would have been a different one. The picture shows Pen-ton's great tackle. The picture shows Pen-ton's great tackle. The picture shows Pen-ton's great tackle.

AFFAIRS AT SOUTH OMAHA

Voters Decide Against Merging with City of Omaha.

ANTIS HOLD BIG CELEBRATION

Commissioner Changes Detail of Police Appointed to Watch the Pulling Places by Chief John Briggs.

After one of the bitterest fights in the history of the city, South Omaha refused to merge with Omaha by a majority of 418.

As soon as the results were known the anti, with banners flying and bands playing, turned the business districts into pandemonium. Even the reported election of McKeane failed to elicit much enthusiasm when compared with the general joy of the anti over the fact that the city had voted against annexation.

The mergerists claim that the defeat of the measure was the work of the administration. The result of the county election was a surprise to many voters, who expected that a large democratic majority would be rolled up. As it was the majority amounted to about the difference between the registration lists of the two parties in South Omaha.

James Callahan, democratic candidate for police judge, was re-elected by a majority of 35 over Aldstadt, his republican opponent, Callahan polling 1,300 votes to Aldstadt's 1,255.

Collins and Kahn, the two democratic candidates for justice of the peace, were elected over the republican candidates.

Free Trial.

An absolute today free trial, free scarf, free stool, a term of music lessons free, if satisfied, pay us \$1.00 per week.

The existing opportunity is yours to procure a \$100.00 Fluor for \$12.00, a \$100.00 Daybed for \$15.00, a \$25.00 Norway for \$10.00, a fine used Mueller piano for \$120.00.

A few other returned rented pianos at the highest bargains ever offered by any concern west of New York. It will most of you nothing to at least call and inspect our stock. Will be more than glad to show you. Both phones.

SCHMOLLER & MITCHELL PIANO CO. Magic City Goods.

Mrs. C. M. Sundell assisted by Mrs. C. E. Scott will entertain the Magic City King's Daughters Thursday afternoon at the home of Mrs. W. H. Schindel, 223 North Twenty-second street.

The women of St. Luke's Lutheran church will hold their annual bazaar December 8 and 9.

CARNEY COAL is clean, no cinders, less than 1 per cent ash. Tel. No. 5. Broadway-Roberts Co.

Buy your coal of Griderman Bros., Cherokee nat. \$4.00 per ton, Bell Phone South 18; Independent F-184.

The key to success in business is the judicious and persistent use of newspaper advertising.

MASSACHUSETTS FOR FOSS

Margin of Victory in State Narrowest in Years.

FROTHINGHAM STILL HOPEFUL

Majority of Democratic Governor Largely Reduced in State Where National Issues Were Injected into Campaign.

BOSTON, Mass., Nov. 8.—Complete returns from the 1,070 election districts in the state indicated the democrats won the state election yesterday and kept Massachusetts in the party column by carrying Governor Eugene N. Foss in office for a second term.

The returns gave Foss, democrat, 210,622; Frothingham, republican, 202,888. Foss plurality, 7,734.

The margin of victory today was the narrowest in years and for hours after the close of the polls the result hung in the balance. Republicans refused to concede the defeat of Lieutenant Governor Louis A. Frothingham late tonight and it was intimated that a state wide recount might be necessary.

In the campaign speeches, republican leaders urged Frothingham's election on the ground that the national administration should be supported in its tariff policy and that a democratic victory meant a blow to the textile industries of the state.

Foss stood on record.

Governor Foss placed his record before the people and asked for support.

It was expected because of an off year that the total vote would fall off considerably, but the average was well maintained.

The makeup of the remainder of the state ticket was still in doubt late tonight, although both branches of the legislature were apparently republican.

Governor Foss issued the following statement:

"The people have won their victory over machine rule in spite of the most scandalous boodle campaign ever waged in this state."

"Massachusetts has spoken unambiguously for an honest revision of the tariff and for the business administration of the commonwealth."

"The national significance of this election is inestimable. The rest of the country will follow the lead of Massachusetts."

Women Do Not Like Atmosphere at Polls

Voting came in for criticism from some of the women who voted at the school board election at an experience meeting which followed the regular session of the current topics department of the Woman's club Tuesday.

"I voted in a pool hall," testified Mrs. C. W. Hayes, vice president of the club. "The smoke was so thick you could cut it with a knife."

"We need decent voting places," declared Mrs. Hayes. "The women should select them and there should be one woman representative at each booth."

Mrs. Edward Johnson, chairman of the committee, stated that there was no book in which women could be registered in the voting place in her district.

CITY COUNCIL PROCEEDINGS

Ordinance Passed Designed to Insure Protection to Autoists.

HOTELS WILL BE INSPECTED

Protest Against Grading of Forty-fourth Street, but Plan is Approved and Contract Awarded.

By unanimous vote the city council passed an ordinance Tuesday night making it a misdemeanor punishable by a fine of not exceeding \$50 and jail imprisonment not to exceed thirty days for any resident of the city to inhumanely treat a dog or cat.

The ordinance was reported for passage by the committee and passed without discussion. It was submitted by Councilman Berka at the instance of the Humane society.

City Attorney John A. Rine made a report on the protest of the William Ryan ice company, which was under the impression that a double tax was being paid by it. Mr. Rine declared that the matter in controversy had no legal phase, as the ice company was paying a license and an occupation tax, "the one being a tax and the other a regulation."

Health Commissioner H. W. Connel and the city attorney were instructed to draft an ordinance providing for the inspection of lodging houses and hotels according to plans discussed before the committee of the whole Monday afternoon.

Bids for the houses on Northwest boulevard to be sold to round off the corners of the blocks and straighten the street, were received and referred to committee.

H. L. Hilber entered a written and strenuous protest against the present plans to grade Forty-fourth street north from Leavenworth, saying the work would be of no benefit and a needless expense. He suggested that the grading of Forty-fourth from Leavenworth to Howard would be more valuable.

The communication was placed on file. The report of Comptroller Fred H. Cosgrove, showing a total treasurer's balance of \$1,488,022.18, was received and adopted.

Communications from the city attorney approving petitions for grades and other street improvements were received and placed on file.

The grading of Forty-fourth street from Jones to Leavenworth was approved by the city attorney and the contract awarded to the Kierle Construction company at 24 cents per cubic yard. Between 1,000 and 1,100 cubic yards of dirt will be removed.

A. E. Hansen, appointed city weighmaster at Seventeenth and Pierce streets, presented his bond, which was approved. L. B. Johnson and C. C. Hall were granted leave of absence for ten days.

Miss Margaret A. Miller presented a claim for \$45 for damage to a coat when she fell at 204 North Eleventh street, where the sidewalk is disintegrated, and demanded that the walk be fixed. The claim was referred to the legal department.

The committee which investigated the revision of the registration made necessary by the special court house bond election reported that the county board refused to pay for the same and the document was placed on file.

The clerk was instructed to readvertise for bids for houses on Half Case street, the bids received being rejected.

SCHOOLMASTERS AT BANQUET

Just as Speaking Begins Rats Scamper Over Tin Roof of Club.

EMINENT EDUCATORS THERE

President Crabtree of Wisconsin Normal and Dr. Davidson of Washington Are Guests of Honor.

The scampering of rats across the metal ceiling at the University club rooms almost broke up a Schoolmasters' club banquet in session there.

The rats evidently awakened just as the speaking began and perpetrated their untimely intrusion as Dean Bessey swung into his subject, and did it so noticeably that Dr. Bessey had to stop and assure his auditors that there was no danger of their coming through.

Except for this untimely item on the program, the evening was given over to greetings to the two guests and former members of the club, Superintendent Davidson, now of Washington, and President Crabtree, now of the Wisconsin Normal school.

The presence of these two men as educators and their virtues as men were the themes for those who responded to toasts. "The Success of Their Power," "Their Work from the Layman's Viewpoint," "Fruitful of Their Work in the Public School System of the State" and "As Men Among Men," were told of, respectively, Charles E. Bessey, Carl Herring, A. W. Waterhouse and J. L. McBrien, while F. M. Hunter, president of the club, acting as toastmaster, interpolated the addresses with laudatory remarks about the guests of honor and their work.

Dr. Bessey, in telling of "The Success of Their Power," attributed the Nebraska "community" with partial responsibility. "This community," he said, "has lent a hand in raising them in their professions. It is a responsive community, tolerant of men's opinions, and their success comes partly from this community's making itself to conformity with their opinions. Thus their success was promoted, and as it proved, all for the betterment of the community's welfare."

"Here is another point: These men have not been self seekers. They have been servants, always looking for better things in the interest of their community. They were public spirited and did not plan or scheme for personal gain."

HUNDRED WILL START IN LONG DISTANCE RUN

IOWA CITY, Ia., Nov. 8.—(Special.)—

Over 100 long distance runners will come to Iowa November 25 to participate in the annual cross-country run of the Western Conference, which is to be held on an Iowa course this year under the direction and management of the Iowa athletic department. Rumors that Wisconsin, through a scarcity of material, would not send a team have been dispelled here through advice received from the Badger headquarters and it is now assured that every one of the schools of the Big Eight will send teams to participate. In addition it is probable that teams will come from Ames, Drake, Missouri, Kansas and Nebraska, as practically everyone of these schools took part in the run held at Minnesota last year.

Manager Kellogg has just finished mapping out the long distance course here. It will be five miles long, lacking 400 feet.

Dr. Lyon's PERFECT Tooth Powder

cleanses, preserves and beautifies the teeth and imparts purity and fragrance to the breath. Mothers should teach the little ones its daily use.

You Need Clothing

We offer you many golden opportunities to get your supply as you journey half way through your pocketbook. Not content, you reject these opportunities in the hope of finding even better ones farther on, deeper in your pocketbook, at the very edge of your resources.

We offer you the famous Hayden "Wonder" clothes. Can you buy better at five to six dollars more? Go through the stock of them we show you—if they look good—if you know they are good—if they feel good—pick them out, and don't think you can go farther on and get better. You can't do better. You can't do as well. You are going to buy only one Overcoat this year and like the Indian maid, that limits you to one journey. Make that journey to Hayden's Big Clothing Dept., see these Wonder Suits and Overcoats, and with the knowledge you gain, we'll trust you in the hands of any concern in Omaha because we know you will come back to us.

The fabric that goes into these clothes are from the famous New England mills—pure wool and worsteds always—hand tailored—we never lower the standard. They come in all shapes—stouts, short stouts, stubs, longs, long stouts, extra sizes and regulars. We have just received an additional lot of those late swagger overcoats—cut 50 inches long, convertible collars, specially adapted for young men—the new tans.

You'll buy these Wonder Clothes some day—why not now?

SUIT, OVERCOAT or RAINCOAT,

\$14.50

HAYDEN BROS.

The Home of Hart, Schaffner & Marx Clothes.

WARMER UNDERWEAR

is now necessary. For comfort, warmth and perfect fit, we recommend

Munsing and Lewis Brands

of which we have a complete line and range of sizes. Also note our fine showing of the new California made merized silktrine underwear and fine fitting pure wool sweaters with handsome buttonholes.
